

# Fandango – a Spanish dance

Can you find any bars that are the same as each other?

Which line is the same as line 2?

Now play the tune.

When you can play the tune well, use this rhythm **ostinato** (repeating pattern) to make an accompaniment.

Count and clap it. Try saying the words to help you. Then divide into two groups.

Group 1 plays the rhythm ostinato on tambourine or claves.

Group 2 plays the tune on their recorders. Then change round.
